

SIOPSA Western Cape meets Stellenbosch University's upcoming IOP's

Dr Lindy Emsley, Chair Western Cape Branch

SIOPSA, a proud strategic business partner for professional bodies and internships of the Stellenbosch University, was invited to engage with the Industrial Psychology Master Students during the start of their Master Programme this year. Thirty students from all over South Africa met on campus on Monday, 20 January 2020. **Dr Lindy Emsley**, our Chair for the Western-Cape region and **Adrian Parsadh** introduced SIOPSA and shared some industry learnings with the students.

Adrian Parsadh, Western Cape Branch

SIOPSA Western Cape regional committee has a very good relationship with the University and gets involved with different modules such as Coaching and Medico-legal (voluntary), throughout the master's Programme.

Dr Lindy Emsley and some of the Master Programme Students

Stellenbosch University aspires to position its graduates in the market as professional Scientific Strategic Business Partners, who can simultaneously fulfil the roles of industrial psychologist or human resource practitioner, behavioural scientist, and business partner with confidence and ease. SIOPSA is proud to be part of this upcoming student's careers and we wish them all the best.
